Divine Thoughts, Produce Godly Actions

5 STEPS TO DETECTING BREAST CANCER EARLY:

1. Practice routine self-exams
2. Know your risks and family history
3. Visit your doctor regularly
4. Know when to get a mammogram
5. Follow-up after a screening or test

***We Can
and
We Will***

Our entire inner being will praise the Lord and will remember all the Lord's benefits. The Lord will forgive our sin and heal all our diseases. The Lord redeems the believer's life from the realm of the dead and gives on them steadfast love, mercy, satisfaction, and renewal. The Lord not only restores us spiritually, but physically as well.

To God Be The Glory For The Great Things He Has Done

We Believe and God Will

*Today we are empowered, and we will walk by faith and not by sight;
We will guard our bodies to the best of our abilities by making healthy
choices. We will empower and embrace others. We will not walk in fear.
Our fear will become courage, our loneliness will become peace, our
feeling of isolation will become our power.*

We are women predestine for greatness,

We are women set free from the life of bondage,

We are women our faith is changing our circumstances,

We are women healed and sickness no longer controls our body,

The Holy Spirit is our helper we stand boldly, and we are never alone.

We Are Women and We thank God!
